

Abelia x grandiflora **SUNNY CHARM® 'MINDUO1'**

Flowers of a very innovative yellow

From July to September the flowers have a very original colour: the interior is essentially pale yellow, punctuated by dark yellow, in contrast with the purple pink exterior and the copper coloured calyces.

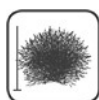

Very good for growing in containers.

Evergreen to semi-evergreen, dense, round, SUNNY CHARM® is suitable for small areas and containers.
