

# Hydrangea macrophylla

## SO LONG® 'Aya'

*A 100% original hydrangea with black flowers, foliage and stems.*

SO LONG® 'Aya' has a long flowering period. It blooms on all the terminal and lateral buds and takes on beautiful colors in bloom. Its large, flat inflorescences, with frilly pink petals (or blue in acid soil) marbled with white, are borne on black stems that enhance the contrast. A compact plant, it looks great in a pot or small garden!
