

Hydrangea paniculata **VANILLE FRAISE**® 'Renhy'

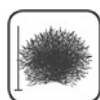

The first-born of the range: a world wide success !

This Hydrangea of supple growth and with red stems, reaches a height of 2.00 m. Its vegetation is dense. This variety has an extraordinary cameo of perfect panicles: white in mid-summer, quickly turning pink, then dark red. These colour shades vary according to exposure, climate and type of soil.

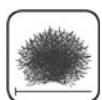

VANILLE FRAISE® is very attractive from July to October. Its success is spreading around the world!

This variety goes well in a shrub border or in a pot.
