

## Salvia x 'Bleu Armor'

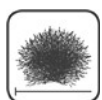

**Deep blue, early flowers,  
repeating until autumn.**

'Blue Armor' is remarkable for its early flowering and the length of the flowering period from May to the first frosts. The flower heads are made up of little, particularly intense blue flowers with a bright white center. The elongated light green leaves are semi-evergreen and naturally aromatic. Its shrub-like wide shape is regular, branched, dense and supple. An easy plant for planting in the garden or in a pot.
