## GIGA® Parma 'TRA35'

**Giant : numerous two-coloured flowers of spectacular dimensions !**

Clematis GIGA®, a range of Clematis with huge flowers: the first ones are of exceptional size, their diameter can reach 30 cm! Following that, the abundant and climbing flowers are still those of a clematites with spectacular dimensions. These are hardy varieties for the garden, to be planted against a traditional trellis, in well draining, humus-rich and fresh soil. The root area in the shade and the head in the sun give the clematis the ideal exposure for abundant flowering.
