CAPRILIA[®] Ever 'INOV42'

**Ever : always dense foliage ,
fragrant flowers, bluish fruits in autumn.**

All fragrant, the climbing honeysuckles of the CAPRILIA[®] range are stemming from INRA research. They have been selected in collaboration with SAPHINOV nurserymen. CAPRILIA[®] Ever is hardy and shows good persistence in winter. The plant flowers well in June, presents clusters of small fragrant flowers. Light violet to pink as buds and in bloom, the flowers turn yellow orange. Some second flowering is noticeable in September. Dark blue fruits appear at the end of summer. To be trained.
