

# Hydrangea paniculata

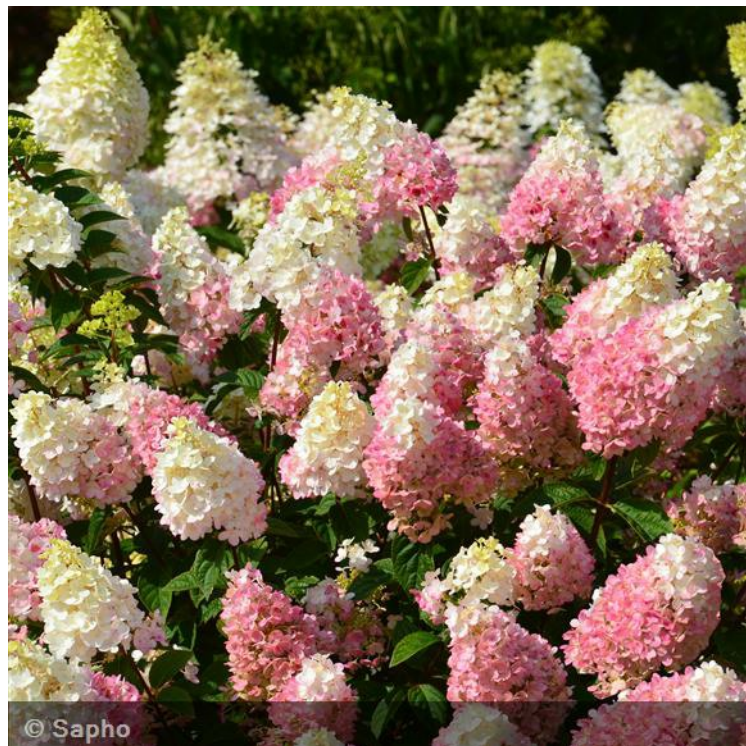

## SUNDAE FRAISE® 'Rensun'

### *A delicacy... for the eyes!*

SUNDAE FRAISE® is exceptional for its smaller proportions. It grows well and is very bushy, semi-upright, well balanced and low.

The red brown stems bear perfect, medium sized panicles. The abundant green and white sterile flowers quickly turn pink from mid - July onwards: 'Strawberry Sundaes' (SUNDAE FRAISE) in abundance on this delicious little shrub. These colour shades can vary according to exposure, climate and type of soil.

SUNDAE FRAISE® goes well in a shrub border or in a pot.
