

Agapanthus africanus

BLUE PANACHE® 'Baraga'

A stylish variegated agapanthus!

BLUE PANACHE® is remarkable due to its bright foliage and beautiful variegation. The green-grey leaf blade is widely margined in white and irregularly striated. The plant is vigorous and quite big. In June - July long (70-80 cm) floral stems carry beautiful blue inflorescences of over hundred flowers. The variety is sterile. In beds or in pots, it is necessary to protect this plant in cold climatic zones
