

Clematis

SAPHYRA® Duo Rose 'Cleminov 29'

A duo of bright pink tones, minimum height 1.00 m.

The SAPHYRA® range is perfectly suitable for landscaped areas and smaller gardens alike.

The plants are short and well ramified. Their growth is moderate and they can be used in low structured plantations or as ground cover.

They bloom profusely from May to September-October.

These are strong and easy plants, with excellent resistance to disease and frost, and suitable to be cut back mechanically (cut back to 20 cm from the ground).
